Subject: FW: Mandated Report of Child Abuse on the Spirit Lake Reservation

Ms. Settles:

I am writing you at the suggestion of the US Attorney for North Dakota, Timothy Q. Purdon. He suggested that you were in a better position than he to deal with the issues raised in an email I sent to him last Thursday. That email and his response are attached below for your ease of reference.

I would like an opportunity to discuss my concerns with you when I am in Washington, DC next, if your schedule will allow. At this time, I believe that will be sometime in mid-July.

Thank you for your consideration of my request for a meeting.

All the best.
